# Appendix 2 - System Requirements

---

## PC Operating System

The recommended operating system is Microsoft Windows 2000 (current service pack), Microsoft Windows XP (Service Pack 2), or Microsoft Windows Vista.

## Browser Setup

The minimum browser for txConnect is Internet Explorer 6.0 or later. txConnect will also work with Mozilla Firefox 1.5 or later for Windows 2000, Windows XP, or Windows Vista. Mac OS X users should use Firefox. Please check your browser settings to ensure that your browser is set up to accommodate the txConnect requirements.

**Note:** Some antivirus software blocks cookies and pop-up windows. In addition to the instructions below, check your antivirus software to ensure that it is not blocking cookies or pop-up windows from txConnect.

### *Windows Internet Explorer*

#### To add txConnect to the trusted sites:

Adding the txConnect Web site to the trusted sites means that you trust txConnect to use cookies. The use of cookies is required for proper operation of txConnect.

1. In the browser, from the Tools menu, select Internet Options. The Internet Options dialog box is displayed.
2. From the Internet Options dialog box, click **Security**.
3. Under **Select a zone to view or change security settings**, click **Trusted sites**.
4. Click **Sites**. The Trusted sites dialog box is displayed.
5. Under **Add this website to the zone**, type the exact Web site address that you use to access txConnect.

**Note:** If the Web site address begins with https, then select **Require server verification (https:) for all sites in this zone**. If the Web site address does not begin with https, then ensure that **Require server verification (https:) for all sites in this zone** is not selected.

6. Click **Add**. The Web site will appear under **Websites**.
7. To close the Trusted sites dialog box, click **Close**.

8. To close the Internet Options dialog box, click **OK**.

**To disable the pop-up blocker for txConnect:**

txConnect occasionally uses pop-up windows to display information. The pop-up blocker must be disabled for the txConnect Web site for proper operation of txConnect.

9. In the browser, from the Tools menu, select Internet Options. The Internet Options dialog box is displayed.
10. From the Internet Options dialog box, click **Privacy**. If **Turn on Pop-up Blocker** is selected, then continue.
11. Under **Pop-up Blocker**, click **Settings**. The Pop-up Blocker Settings dialog box is displayed.
12. Under **Address of website to allow**, type the exact Web site address that you use to access txConnect.
13. Click **Add**. The Web site will appear under **Allowed sites**.
14. To close the Pop-up Blocker Settings dialog box, click **Close**.
15. To close the Internet Options dialog box, click **OK**.

***Mozilla Firefox***

For proper operation of txConnect when using Mozilla Firefox, the use of cookies is required. The pop-up blocker must be disabled for the txConnect Web site, and JavaScript must be enabled for the txConnect Web site.

**To enable cookies for txConnect:**

1. In the browser, from the Tools menu, select Options. The Options dialog box is displayed.
2. From the Options dialog box, click **Privacy**.
3. Under **Cookies**, click **Exceptions**. The Exceptions - Cookies dialog box is displayed.
4. Under **Address of web site**, type the exact Web site address that you use to access txConnect.
5. Click **Allow**. The Web site will appear under **Sites**, and the **Status** will be set to Allow.
6. To close the Exceptions - Cookies dialog box, click **Close**.
7. To close the Options dialog box, click **OK**.
